Agent runs you can reopen

Local Qwen3.5 2B + MongoDB Atlas

MongoDB Hackathon / 60-second pitch

Agent.image

Real Qwen3.5 2B, zero-call replay

Task: repair a JavaScript sum function

Mode	Live model calls	Task verifier
Original run	4	Pass
Strict replay	0	Not rerun
Live fork	3	Pass
Fresh run	6	Pass

One fixture, not a model benchmark. Replay has no new test verdict.

MongoDB Atlas keeps the experiment
